PROFESSIONAL SUMMARY

Passionate **Developer & Coder** with hands-on experience building modern web platforms, mobile apps, and cybersecurity tools. Skilled in **React Native, Next.js, Node.js, Python, and OSINT**. Creator of **FoksTech** and **CyberFoks**, focused on fast, secure, and visually polished digital experiences.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript
Backend	Node.js, Python, REST API
Mobile	React Native, Expo
Database & Tools	MongoDB, Supabase, Firebase, Git, GitHub, VS Code
Cybersecurity	OSINT Tools, Linux / Bash, Network Security

PROJECTS

FoksTech — All-in-One Web Platform

Live: fokstech.pages.dev | Tech: Next.js, Node.js, MongoDB, Stripe

Cyberpunk-styled platform combining movie streaming, premium app store, online courses, and developer tools.

CyberFoks — OSINT Arsenal for Ethical Hackers

Live: cyberfoks.pages.dev/hacking | Tech: Python, FastAPI, Next.js, OSINT

OSINT research tools including Phone Number Info, Vehicle Info, and Pincode Lookup, built for ethical hackers, researchers, and security analysts.

CyberFoks Temp Mail — Disposable Email Service

Live: cyberfoks.pages.dev/tempmail | Tech: Next.js, Node.js, Redis, Mailgun

Instant temporary email service with no signup, no tracking, and auto-expiring inboxes for privacy and spam protection.

FokSky — React Native Weather App

APK available | Tech: React Native, Expo, Node.js

Weather app with 19+ features including 5-day forecast, AQI, wind compass, and offline mode.

WORK EXPERIENCE

Freelance Developer | Self-Employed — 2024–Present | Gaya, Bihar, India

- Designed and developed FoksTech, an all-in-one platform combining movie streaming, app store, online courses, and developer tools.
- Built CyberFoks, an OSINT arsenal with phone number lookup, vehicle information, pincode lookup, and temporary mail tools.
- Developed FokSky, a React Native weather app with 19+ features including forecast, AQI, and wind compass.
- Delivered 3+ client projects with focus on performance, security, and clean UI/UX.

EDUCATION

Bachelor's Degree (Pursuing / Completed)

Degree, institute, and dates: To be filled

Gaya, Bihar

12th (Senior Secondary)

Board, year, percentage: To be filled

10th (Secondary)

Board, year, percentage: To be filled

ACHIEVEMENTS

- Built and deployed 4 real-world projects in under 1 year.
- Created OSINT tools for ethical hackers and security researchers.
- Self-taught full-stack developer with focus on security.
- Published React Native weather app with 19+ features.
- Live platforms: FoksTech, CyberFoks, CyberFoks Temp Mail.
